Description:

Review [Audio Review] New York Times best-selling author Denby (Great Books), a staff writer for The New Yorker, here presents a detailed and enjoyable argument regarding snark, today's ever-prevalent combination of snide and sarcasm. He traces the history of snark through the ages, defines it into subcategories (e.g., literary snark equals satire), and divides contemporary snark into acceptable and unacceptable categories based on his personal assessments. Six-time Audie Award nominee William Dufres (The Futurist) gives a terrific read, his tone and pacing bordering on the snark-astic. Highly recommended for adult audiences. Cliff Glaviano, Bowling Green State Univ. Libs., OH --Library Journal --This text refers to the edition.

About the Author David Denby has been film critic and staff writer at *The New Yorker* since 1998; prior to that he was film critic of *New York* magazine. His reviews and essays have also appeared in *The New Republic*, *The Atlantic*, and *The New York Review of Books*. He lives in New York City.
