## **Description:**

**Review** Every law student and recent graduate should get this book. It offers much needed guidance to attorneys just starting out or struggling and in need of a refreshing new direction. His advice is worth following.

--Ken Hardison, Esquire CEO PILMMA

I wish I had had a copy of this book when I first stated practicing law. It gives a logical step-by-step approach without any candy coating. --Morris Dees-Founder of the Southern Poverty Law Center

I can't tell you what a valuable tool this book will be to recent graduates and experienced attorneys looking to open their own shops, especially in today's legal marketplace. --Marcelyn R. Cox, Assistant Dean University of Miami School of Law

Spencer has such passion for this subject, having taught extensively about it and lectured on it at multiple law schools. --Leonard P. Strickman, Professor and Founding Dean Emeritus Florida International University College of Law

I think this book can bring hope to many a young lawyer and even an old one or two who struggle for their freedom. Too many of us are slaves to wages, or unhappy partnerships. To own oneself is the greatest wealth a person can have. --Gerry Spence

**From the Author** This book is for everyone who ever dreamed of being a lawyer and possesses the passion to represent those who cannot speak for themselves. It is especially intended to offer a path to aspiring lawyers who sacrificed so much and worked so hard to attend and then graduate from law school, passing the Bar only to find no viable opportunity to practice law.

It is my sincere hope that no other law school graduate will ever be faced with the prospect of abandoning their destiny simply because of not having a job offer or accepting a position that they hate because they have no other choice. I hope that this book creates more opportunities for passionate lawyers to start their own law firms, resulting in greater access to legal representation to those member of our community in need.
