**Description:**

*A Down-to-Earth Approach*

¿

James Henslin shares the excitement of sociology with his acclaimed down-to-earth approach and personal writing style. *Sociology: A Down-to-Earth Approach, 12/e* highlights the sociology of everyday life and its relevance to students' lives. Six central themes help students stimulate their

sociological imagination: down-to-earth sociology, globalization, cultural diversity, critical thinking, the new technology, and the influence of the mass media on our lives.

¿

MySocLab is an integral part of the Henslin program. Engaging activities and assessments provide a teaching and learning system that helps students discover sociology in their lives. With MySocLab, students can watch videos on sociological core concepts, explore real-world sociology through the new Social Explorer, and develop critical thinking skills through writing.
