Description:

Show your students how to maximize the advantages of the latest Access database management system and Excel spreadsheet to effectively analyze and solve real-world business problems with PROBLEM-SOLVING CASES IN MICROSOFT ACCESS AND EXCEL, 14TH ANNUAL EDITION. Packed with hands-on applications, this edition highlights six user-friendly tutorials that build

students' practical knowledge as they walk step-by-step through each software application's capabilities. Twelve all-new case studies present scenarios and problems common in real-life practice while a wealth of online instructor resources support your teaching. In addition, a unique emphasis on skill-building integration requires students to use Access and Excel together on cases, demonstrating the power when these applications work together. Count on PROBLEM-SOLVING CASES IN MICROSOFT ACCESS AND EXCEL to deliver today's most up-to-date, practical guide for the widely used Access and Excel programs.
