Description:

Review "The unreal becomes real, fantasy becomes history, and the reader is thoroughly entertained by an unending parade of bafflements and surprises. This book is a complete delight." (K.W. Jeter author of *Infernal Devices*)

""The Map of the Sky" keeps the reader guessing, checking and thinking, all the while providing many sidelights on the literary history of sci-fi itself."
(*The Wall Street Journal*)

"This story is much akin to what Orson Welles tried on Halloween, 1938, with his radio show. This time the saucers really fly. All this, simmered in a rich broth of keen imagination, exceptional narrative control, wit, and an obvious affection for sci-fi and adventure stories and with great respect for the readers of same. Cool factor: 3-D end papers. Glasses included with first editions only."

(Tulsa World)

"A cross-genre masterpiece"

(Associated Press)

"Having used H.G. Wells's *The Time Machine* as the starting point for 2011's *The Map of Time*, Palma now takes *The War of the Worlds* as the basis for this top-notch sequel...Fans of intelligent science fiction as well as historical thrillers will be rewarded."

(Publisher's Weekly starred review)

"Palma's gorgeous prose works its magic yet again...in this worthy successor to *The Map of Time*."

(Library Journal)

"Palma writes with shrewdness and glee."

(The Washington Post)

"Palma Keeps the reader guessing, and the twists and turns coming."

(Booklist)

About the Author Félix J. Palma has been unanimously acclaimed by critics as one of the most brilliant and original storytellers of our time. *The Map of Time* was his first book published in the United States. He lives in Spain.
